Monthly Disability Income (MDI) Rider - Occupation Listing

The MDI rider is available on Trendsetter® Express and Trendsetter® LB and must be approved by Underwriting.

Part-time employees (defined as working less than 30 hours per week) are not eligible for the MDI rider. Certain occupations do not qualify for the rider coverage. Ineligible occupations may be due to hazards, persistency of business, seasonal/migrant work, or based on claims experience within the industry or company.

Self-employed persons applying for the MDI rider are considered on an individual basis.

Federal, state and municipal employees are normally not eligible (such applicants stating that they have no disability coverage would need to provide written documentation from their employer stating that no DI benefits are available).

Total disability coverage should not exceed 66% of the insured's income (40% in California).

This includes coverage provided by group or individual disability plans. Total line of disability income coverage, in-force or applied for, should not exceed \$10,000.

Applicants must be employed in an occupation for salary, commission or profit, and must work full-time for at least 30 hours a week, 10 months a year.

- Maximum 2-Year benefit and 90-day elimination.
